
404 S Oak: Italianate

Hipped roof, full-width porch, extended eaves with bracket supports.

410 S Oak: Craftsman

1-1/2 story, gabled roof with exposed rafters, dormers, and cross gables.

606 S. Oak: Foursquare

Two-story cube, four rooms on each floor, often with features from other styles.

603 S Oak: Queen Anne

Asymmetrical façade, multiple gables, towers, bay windows, wrap-around porches.

515 S Oak: Homestead

Balloon-frame construction, simple, unadorned gable-and-wing layout.

303 S Oak: Greek Revival

Low-pitched roof, wide cornices, pedimented doorways and columned porch.

South Oak Street Historic District Walking Tour

Houses within the Historic District document the evolution of American domestic architecture in nine distinctive styles. The District is also closely identified with early pioneers who contributed to the physical and cultural development of Lake City.

On November 10, 2015, the Lake City City Council approved the designation of the South Oak Street Historic District as a Heritage Preservation Site.

This tour begins on the Center Street edge of Oak Street and proceeds down the west side of Oak for four blocks to Lakewood Avenue, then back toward Center on the east side. Two homes with Marion Street addresses and one home on West Center are included.
